*“At ClimateCare, we are passionate about building the right culture. That means that recruiting people with the right attitude is essential. All the ClimateCare employers who have worked with Support Ontario Youth have high praise for the total recruitment package SOY provides, including job posting, screening, interviewing, and mentoring. SOY is proving to be a great partner in helping us find the right people.”*

*– Victor H.*

# Partner Testimonials

“

*It's important for ECS to be involved in the Tools in the Trades Boot Camp because it provides awareness and exposure to various different people. So, it's a great opportunity for not only manufacturers, distributors, but also contractors, to kind of get involved to showcase their companies as it would promote them within the industry and bring new talent into their forefront.*

*– Magda Latawiec, Outside Sales Rep at ECS*

”

“

*One of the reasons I'm drawn to Support Ontario Youth is the fact that it's educating young adults to look outside of traditional paths. So, the fact that they have this Tools in the Trades Boot Camp set up, it's a phenomenal way to introduce that to people.*

*– Imad Mourad, Regional Sales Manager at IDEAL Industries*
