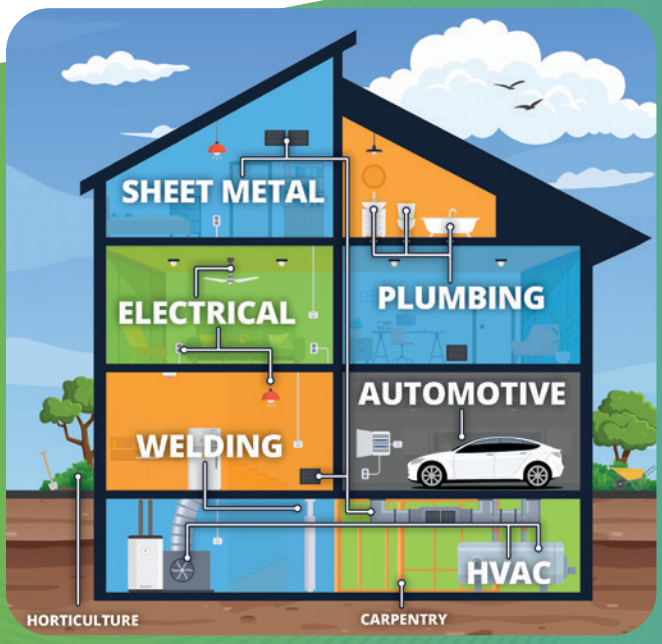
SOY ONTARIO



TOOL TIME!

Hands on Skilled Trades Exploration for Grade 7 & 8 Students!

Invite us to your classroom and be part of building the next generation of trade professionals. Through interactive activities, hands-on learning, and expert insights, students will:

- **Learn how apprenticeships provide "earn while you learn" opportunities**
- **Develop problem-solving and critical thinking skills through practical exercises**
- **Explore career pathways in high school programs including Ontario's Youth Apprenticeship Program (OYAP) and Specialist High Skills Major (SHSM)**
- **Discover high-demand trades across Ontario**

In-Person or Virtual Presentations and Q&A for Students.

For in-person workshop, a take-home "Trade Kit" is included to reinforce beyond the classroom and enhance skill development and understanding.

Available as an enhanced offering for an additional fee (in-person and virtual):
A licensed journeyperson will be present to share their experience and answer questions about the skilled trades.
